

September is 'Show You Care' Month in Living Sky School Division

As we enter into a new school year, we want everyone to be aware of how important it is to show you care. A smile from a bus driver, a high five from a principal, an invitation to a new friend, a thank you to your caretaker. All are simple ways to show you care and make your school an amazing place to be.

We are encouraging you to share stories and pics of your staff and students caring this month. Post stories in your school newsletter and on your school website and social media, decorate bulletin boards, make your entrance way a fun and caring place to enter, etc.

Caught You Caring Contest . . .

When you catch a staff member or student showing they care, please share that story with Shannon at shannon.lesard@lskysd.ca. Shannon would love to share the stories with our public and will enter the individual staff member or student into the 'Caught You Caring' Contest. At the end of September, we will choose a staff member and student winner by random draw. The winners will receive a Living Sky School Division Care Package.

Living Sky School Division Values:

Care • Commitment • Courage • Honesty • Inclusion
Innovation • Integrity • Mutual Respect • Transparency • Trust

Growth Without Limits, Learning For All
