

The Heritage Herald

WELCOME BACK
TO SCHOOL

I will be sending home our school handbooks which contain information about our school rules, and policies. Also forms are included, that need to be filled out and signed. Please complete and return as soon as possible.

All students will be eating in the lunch room. Microwaves will be available to students. We ask that if you are sending lunches which require microwaves, that these foods do not take any more than 1 - 1 1/2 minutes to heat in order that everyone gets their food heated and eaten before the lunch recess bell rings. Thank you for your co-operation in this matter.

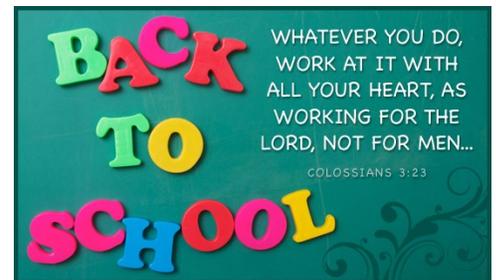

On September 14th is our Welcome Back BBQ @ 6pm. This evening provides a time for fun and fellowship for new families and returning families to our school and is a great way to kick start off the new school year. Pop, burgers, hotdogs and condiments will be provided. Families with the last name beginning with A-K bring a salad and L-Z please bring a dessert.

Once a month (Sept. 28) we have a Special Lunch for both students and staff. It not only provides a break from making lunch but also is a fundraiser for our student fund. We looking for one parent each month to assist us. As our staff is small it becomes increasingly more difficult for us to manage without your help. If you would like to help in this area or would like more details please call the office and/or let us know which month you would be willing to help. Thank you in advance.

Heritage Christian School is a peanut and tree nut aware school. We have some students with allergies to these foods. Please avoid sending these foods or anything containing these ingredients to school in your child's lunches or snacks. Your cooperation and understanding in this matter is greatly appreciated. After checking the ingredients list, look on the label for phrases like these "may contain nuts", "produced or shared equipment with nuts or peanuts" and/or "produced in a facility that also processes nuts". Be on the watch for cross-contamination that can happen on kitchen surfaces and utensils. At school we will be educating students on the importance of washing their hands with soap and water after eating. Thank you for helping to keep our children safe and healthy.
